Hanging of W. T. Bates.

CHARLESTON, S C., April 17.—William S. Bates, (white) was executed at Barnwell Court House this State yesterday for the murder of Stephen W. Bush at a dance last Christmas Eve. His neck was broken by the fall and he died without a struggle. The execution was private in accordance with the law.

Man Hanged Etc.

GALVESTON, TEXAS, April 17.—A *News* special from Calvert says: Bill Walker (colored) was hanged there yesterday for murder in 1878 of Monroe, an old man living ten miles in the country. The prisoner said he was not going to hell but would fly right straight to heaven. His neck was not broken by the fall although he dropped six feet three inches. Five thousand people witnessed the execution.

Cincinnati Board of Councilmen.

CINCINNATI, April 17.—The Board of Council men last evening by a vote of 17 yeas to 13 nays, refused to grant permission to the Western Union Telegraph Company to erect poles to carry wires to the Music Hall. It requires 26 votes to grant such permissions though the vote may be reconsidered but the board does not meet again for two weeks. This action causes some concern because it reopens the subject of the removal of the Democratic National Convention on the ground of lack of telegraph facilities.

Severe Storms, Vessels Wrecked Etc.

MILWAUKEE, April 17.—The severest storm of the season visited this State yesterday. In the northern section several inches of snow fell impeding trains in the vicinity of Oshkosh. No serious disasters yet reported on the Lakes, but it is feared that the gale was severe on vessels. The expected English Caroline Williams reached port last evening and reports having abandoned the schooner Walter B Allen. After rescuing the crew the schooner soon sunk between Manitoba and Sheboggan.

Shoots His Business Manager.

RICHMOND, VA. April 17.—This afternoon Col. J. R Popham, proprietor of the Southern Intelligencer, had an altercation with R G. Agee, his business manager, during which Agee assaulted Popham, and the latter shot Agee in the head, inflicting an ugly scalp wound.

GRANT'S CUNNING.

The Stratagem Employed by Ulysses to obtain his West Point Appointment.

There has been much query of late years as to whether General Grant owed his success to his pluck, perseverance and shrewdness, or simply to his good luck, and all sorts of replies have been made. The writer recently had a conversation with a one-time prominent Republican Congressman of this State, and the question as to the Presidential candidate of the Republican party came up, and he told a story about Grant that may be some aid to those who desire an answer to the query above mentioned.

He named the condition that his name should not be given, as he is out of politics, and the writer knows him to be a man of great dislike to public notoriety. Said the gentleman: "I people think that Grant is indifferent to the nomination they are greatly mistaken. I will tell you a conversation I once had with Grant, but I don't wish it published, as some might think that I am committing a breach of honor in repeating a private conversation. It was about the time that Grant's name was first mentioned as an available candidate for the Presidency. I was on a train going to Washington, being a member of the House at that time. Grant got on the train at Harrisburg and we rode on to Washington together. Well, I wanted to hear some expression from him about his candidacy, and he replied that he had some doubts about his being able to get the nomination. I then, in order to draw him out, reminded him of Zachary Taylor at Corpus Christi—how he happened to be in command there at the first outbreak of Mexican marauders, that terminated in the Mexican war, and how pure accident and the exigencies of that war had made an humble border colonel President of the United States; and I added that it was more frequently the smallest thing that made men great than the pursuit of a well defined ambition. He sat musing for a time, after telling him this story, and then turning around to me, said:

"I'll tell you, H——, there's something in that, and I can tell you of a smaller circumstance than Taylor's. When I was a boy, living in Georgetown, my mother ran out of butter one morning, and, needing some before it could be had at the store, she sent me over to the next door neighbor's to borrow some. Well, I was just as well acquainted there as I was at home almost, and opened the door and went in without knocking, and just as I went in one of the folks—the old gentleman, I believe—was reading a letter from a son who was at West Point. Well, I didn't want to disturb them while they were reading the letter, and stood there and heard what was read. Well, the son said in his letter that he had been found—that is, he had failed to pass examination, and he would have to come home, and he had sent the letter one mail ahead, so that the surprise at his return might not be too great. Well, when they got through I borrowed the butter and took it home, and then run-ned down to Thomas L. Hamar's office—he was our Congressman then—and I asked him if he wouldn't send me to West Point. He told me that he couldn't send me until this other boy got through, and that wouldn't be for three years yet. 'But, Mr. Hamar,' said I, 'suppose this boy should fail to pass examination, and he should be sent home; will you send me then?'

"Well, Ully," said he, "I guess if he can't pass, there'd be no use of you trying it."

"But I want you to promise that you will send me," said I.

"All right," said he; "if he can't go through, I promise to let you try it."

"Well, during the day Hamar heard about the other fellow, and the next day I went and asked if he had heard the news. He said he had, and after laughing at me for the way I had got him to make the promise, he said I was all right, I should go. Well, I went, and because my mother happened to be out of butter has made me General of the Army of the United States and I don't know, after all, but what I may make me President."

"You can draw your own conclusions as to whether Grant is anything of a schemer,' laughingly said the gentleman to the writer, as he brought the conversation to a close.

Burdette on Commercial Travelers

What would I do without "the boys? How often they have been my friends. I go to a new town. I don't know one hotel from another. I don't know where to go. The man with the samples gets off at the same station. I follow him without a word or a tremor. He calls to the 'bus driver by name and orders him to "get out of this now," as soon as we are seated. And when I follow him I am inevitably certain to go to the best house there is the place. He shouts at the clerk by name, and fires a joke at the landlord as we go in. He looks over my shoulder as I register after him, and hands me his card with a shout of recognition. He keeps at the register again and watches the clerk assign me to 98. "Ninety nothing," he shouts, "who's in 15?" The clerk says he is saving 15 for Judge Dry-sdust. "Well, he be blowed," says my cheery friend, "give him the little and put this gentlemen in 15." And if the clerk hesitates, he seizes the pen and gives me 15 himself, and then he calls the porter, orders him to carry up my baggage and put a fire in 15, and then in the same breath adds, "What time will you be down to supper, Mr. Burdette?" And he waits for me, and, seeing that I am a stranger in the town, he sees that I am cared for, and that the waiters do not neglect me; he tells me about the town, the people, and the business. He is breezy, cheery, sociable, full of new stories always good-natured; he frisks with cigars and overflows with "thousand-mile tickets;" he knows all the best rooms in all the hotels; he always has a key for the car-seats, and turns a seat or himself and his friends without troubling the brakeman, but he will ride on the wood-box or stand outside to accommodate a lady, or he will give his seat to an old man. I know him pretty well. For three years I have been traveling with him, from Colorado to Maine, and I have seen the worst and the best of him, and I know the best far outweighs the worst. I could hardly get along without him, and I am glad he is numerous.

The Political Situation in the South.

Washington Star.

The Grant managers are, apparently, earnestly impressed with the conviction that their candidate could not be defeated before the people. While they recognize the existence of a violent Republican opposition to the nomination of Grant, they insist that it is too weak to prevent his election, and the public is being favored at last, with the circulations upon which the certain success of the Grant movement at the polls is based. These calculations will not be likely to inspire the entire republican party with the confidence by the Grant leaders, or to paralyze the democracy with fear, but as they furnish the main spring of a prominent political movement, it is matter of interest to study and examine them. It has been evident for some time past that General Grant's friends rely upon his ability, as a candidate for President, to capture some electoral votes from the Democrats. The assertion that he would receive a large Democratic support—which no other Republican could command—has been made prominent in the canvas of his behalf, but it is only of late that the Grant organs and managers have begun to particularize and to specify what portion of the Democratic column the General could break into. In the first place, Virginia is put down as a former Democratic State that can "certainly" be carried by Grant. The readjusters are declared to be in sympathy with the third-term proposition and willing to support it at the polls, "but they have not sufficient confidence in the fair-mindedness of any other Republican candidate to work against their old party associates for his election," says a leading Grant paper. It may be that the third-term leaders have authentic information as to what the Virginia readjusters are willing to do, but the bosses of that party have repeatedly denied the report that they were endeavoring to lead their followers into the support of Grant. Notwithstanding this denial, however, there is some reason to believe that certain of the readjuster leaders are inclined to support Gen. Grant if they can obtain, in advance, assurances that their support will be rewarded with federal patronage in the event of Grant's election. The third-termers also maintain that Grant would get a number of electoral votes out of the states of Louisiana, Florida, North Carolina and Georgia, and perhaps carry all of them. They argue that the kindly manner in which Gen. Grant has been received and treated in all the southern cities he has visited indicates the existence of a feeling of positive preference for him over any other man for President; that the belief in General Grant's superior ability to restore harmony between the sections and build up closer political and business relations between the north and the south, has taken a wide hold upon the southern mind, and thousands of Democrats who are tired of sectional quarrels will vote for him. It will, no doubt, be found, when the ballots are counted next November, that Gen. Grant's visit to the south made him but few votes in that section. The public spirited citizens in the cities he visited entertained him, it is true, in the style of an honored guest, but the very men who led in dispensing this hospitality were, in nearly all cases, prominent and active Democrats, many of them holding office from that party or identified with its working machinery. The recently published interviews with a large number of leading southern Congressmen demonstrate that Mr. Tilden is very unpopular with the Democrats of that section, and as against him Gen. Grant might carry one, two, or possibly three of the States, because of Democratic apathy and indifference. But is there any reason to believe that Senator Blaine, or Secretary Sherman, or any other prominent Republican likely to be nominated at Chicago could not do as much? Should any of the southern States go Republican, it is generally admitted that the result will be brought about by Democratic indifference, and not because of any newly awakened love for Republican principles.

The following resolution, introduced by J. T. Littlejohn, Esq., was adopted:

Resolv d, That all Democrats of Granville in accord with Democratic party who may present at the respective Conventions, State and Congressional, on the 16th and 17th June in Raleigh shall be deemed and regarded with full authority to act as delegates in and for the county of Granville.

The following resolution, offered by Capt. Wm. Bigg, was, after an extended debate, adopted:

Whereas, It is generaly understood that our present worthy Representative in Congress, the Hon. Joseph J. Davis, will not be a candidate for renomination the Democracy of Granville county desire to express their confidence and respect for that gentleman, and to declare that his course in Congress has met their unquantified approbation.

And while the Democracy of Granville county will heartily support the nominee of the party for Congress yet they recognize the superior claims of Gen. W R. Cox, and in mass meeting ossembled now declare their preference for him in the nominating convention; therefore,

Resolved, That the delegates from Granville are hereby requested to cast the vote of the county as a unit for the Hon. W. R. Cox in the Congressional Convention to be held at Raleigh on the 25th of June next.

On motion the proceedings of this meeting were ordered to be published in the county papers. The mass meeting then adjourned.

A Good Idea,

Norfolk Ledger.

The New York *Sun* invites all men calling themselves Democrats, who are contemplating a bolt from the regular Democratic nomination for President this year, to send to it an estimate of the advantages they anticipate to themselves or to anybody else, except the Republicans, from such a movement. The suggestion has significant application to political doubters in the State of Virginia, and we should be pleased to have response to the same,

The Norfolk and E City Railroad, E. City Falcon,

There can be no further question that we are to have a railroad, and that at an early day. The evidences are too direct and the signs too plain to be mistaken. Many of our people who have always heretofore been classed with the list of "doubting Thomas" and when no argument could convince that a road ever would be built, now come out and unhesitatingly express faith in the speedy construction of the road. Let us, then, begin to realize the fact that our beautiful section of country is to be placed within the limits of the great common wealth of the world's progress,

We have good authority for saying that before the close of the present year trains will be running from here to Norfolk, and the work will not cease until not only Edenton, but the trans-Albemarle country as far as Newbern will be opened by the road, so giving the people of this action and of the whole Albemarle and Pamlio regions an outlet both to the Southern and Northern country and connecting us by rail with all parts of our country, North, South, East and West, This road being constructed, our country will be developed in a manner that we are not yet in a condition to realize. The influx of people into this section must be great, business increase largely and the condition of our people in every respect must of necessity be improved, values of real estate throughout this whole region will be largely advanced, opportunities of employment will be given for the laboring classes that they would not otherwise have.

As an assurance of the good faith of those who have this work in hand they have already paid out $20.000 in cash, they have in their employ a full corps of skilled engineers and managers, and have already a number of laborers at work.

It is now for the people of this section of country to show by their works that they heartily appreciate this great work. Let us show a willingness to do our part—not by words but in deeds; let us show our liberality by doing all we can. The town of Elizabeth City should at least build a depot at this place for the Company. individuals of the county should furnish necessary timber or labor or money to purchase the same; and the counties through which the road is to pass should no only relieve the road from county tax for a number of years, say five, but they should also make such arrangements as will relieve the Company from State tax during that period.

Ben Wade—Appointments He would Have Made if He Had Become President.

Philladelphi Press.

I never heard Mr. Wade say positively he would appoint any man to a seat in his Cabinet in case he should be called on to succeed Andrew Johnson; but of course, a man who was so near the Presidency must have thought a great deal on the subject, and his opinion of public men was so well known to his intimate friends, it required but little guessing to tell the name of the men who would, *in a certain event*, be called on to aid him in administering the Government.

Mr. Wade often said; "Staton is the right man in the War Office, and should be kept there." There is no doubt that if Wade had been made President Stanton would have been retained as Secretary of War as long as Wade was President.

Wade remarked to a friend: "Mr. Ward certainly has great financial abilities, and I have no doubt would make an excellent Secretary of the treasury," Without going into details as to my reasons for thinking so, I will say I believe if Mr. Wade had been made President the following men would have been appointed to positions under him;

Secretary of State, O.P. Morton, Indiana

Secretary of Treasury. E. B. Ward. Michigan.

Secretary of War, E. M. Stanton, Washington, D C.

Secretary of navy, J W Forney, Pennsylvania.

Secretary of Interior, Zack Chandler Michigan.

Postmaster-General, J A J Creswell, Maryland.

Attorney-General, W C Goodloe Kentucky.

Minister to England, Simon Cameron Pennsylvania.

Minister to France, E B Washburne, Illinos.

Minister to Germany, Fred Hsssaurek, Ohio

Minister to Russia, A G Curtin, Pennsylvania.

Minister to Austria, W G Brownlow, Tennessee.

Minister to Turkey, James Harlan, Iowa.

Minister to Sandwich Island, S G Burbridge, Kentucky.

Collector Port New Orleans, Gov. Warmoth, Louisiana.

Collector New York, Alfred Pleasonton, New York.

Alexander Sands, Ohio; Schuyler Colfax, Indiana; Edward McCook; Colorado; Donald Cameron, Pennsylvania; John Harlan, Kentucky; John M Thayer, Nebraska; and Walter A Burleigh, Dakota, would also undoubtedly been offered good places under Mr. Wade

While on a visit to Jefferson I once said to the old statesman: "Now it is all over, Mr. Wade, and you will probably never be President, but I should like to know what you would have done had you succeeded Mr. Johnson, as it was expected you would?"

He laughed heartily and replied: "So you are curious to know what devilment I would have been up to. Learn then, my young friend, that unless a man is a fool great power always makes him consevative. There is a vast difference between being a radical Senator and a radical President. It is easy enough to say go and do so and so, but put the adviser in the Executive's place and he might find it difficult, if not impossible, to follow the advice he had just given. I was called a radical Senator but I do not think I would have made a very radical President; indeed, I should probably have followed the precedents of other Presidents and done very much as any other man would have done had he come suddenly to great power like the Chief Magistracy of this Nation.

A correspondent of the Raleigh *Observer* writing from Wake Forest says:

The approaching commencement promises to be far superior to any former celebration of a similar nature, and all necessary arrangements are being consummated for its proper observance.

Wingate memorial building is an elegant edifice, and our energetic architect, Mr. Jacob S. Allen, of your city, promises to have it completed by the 10th of June next. In the gable front of this building is situated a large marble slab with an appropriate inscription consecrated to the memory of our former beloved and esteemed President, Rev. W. M. Wingate, D. D.

The senior class have recently chosen Rev. Wayland Hoyt, D. D., one of the most prominent divines of Brooklyn, New York; who will deliver the sermon before the graduating class David R. Wallace, A. M. M. D., LL D., of Waco, Texas, has been elected by the Philomathesian Society to deliver the address before the literary societies Dr. Wallace is the Superintendent of the Insane Asylum of Texas, and has attained great celebrity as an orator. He is a native of Pitt county, North Carolina, graduated at Wake Forest College in the class of 1850 with the highest honors of his class, and since he has been in Texas has been greatly honored and respected by the citizens of that State. Hence we may with good reason anticipate an extraordinary literary treat at the hands of this distinguished son of the Old North State.

OUR CHARLOTTE LETTER.

MECKLENBURG POLITICAL PICKINGS AND OTHER NEWSINGS.

The North Carolina Smeltin Company—North Carolina's Inventor—News of Charlotte and Vicinity etc., etc.

From our Charlotte Correspondent.

CHARLOTTE, N. C. April 16th 1880.—If you will take a stroll out the Richmond & Danville, or more properly speaking the N. C. R. R., and just after you pass the junction of that road with the Carolina Central, look to your left you will see several large one or two story wooden buildings, with tall massive brick chimneys, and if you should ask any chance passer by what they were you would elicit the reply "Reduction Works." Now this answer would be "exactly perfectly correct," they are the Reduction Works of North Carolina Smelting Company, which company has for its officers. Geo. Whitaker, New York, President; C. E Robinson, formerly of New York, now of Charlotte, Vice President, and G. M. Church, of 196 Broadway, Treasurer. Mr. Robinson, the courteous Vice-President, has control and management of the establishment and when your correspondent stepped in was (everything about his works being "blooming" and not having suffered from the late frost,) in that ripe mood that it so much delights an interviewer's heart to find, when he has a "tapping" in prospective

Unfortunately the works were not, as we had expected to find them, in operation, but we obtained some dots which may be of interest to many of the NEWS readers. The works and buildings cost about $40,000, over $30,000 of which was for the machinery alone. The engine is a 75 horse power and capable of crushing 20 tons of ore per day, averaging from $75 to $100 of gold per ton. Mr Robeson states that this $40,000 invested in buildings and machinery is a mere fraction of the amount of capital invested in the enterprise, that to be able to keep the works going at all times they will be compelled to have always on hand and encounter over one half million dollars worth of ores. He says that Charlotte is one of the finest ore markets in the world, and that he knows of no location so desirable for smelting works, that though the impression is abroad that they will confine themselves to ores of this section, it is nevertheless not so, that they will buy ores from Maine to Alabama, but will of course, he thinks consume much more of North Carolinas ores than of others, that they will continue to enlarge their establishment until they possess a capacity of crushing 100 tons of ores per day. He says every facility of transportation has been secured, as the Carolina Central erects an embarkment and lays a track to the yard of their works, and that the company builds a suitable track at its own expense to connect with the North Carolina Railroad that the works are ready for operation and will begin in a few days, and infact, as soon a supply of ore is received and on the way sufficient to start and keep them running, and that then he will be glad to conduct your correspondent through the different rooms and explain the process by illustration, so that the readers of the NEWS may learn something of the way in which rocks are reduced to the one thing needful and the root of all evil. He informs us that the company is entirely composed of Northern men, citizens of New York city and Providence, Rhode Island, that everything looked bright and prosperous in its future and that they had received every encouragement and aid from our people that strangers investing amongst us could desire. Mr. Robinson will make Charlotte his home in future and is identified with the interest of our city.

It is a strange thing that some Democrats will insist that Mr. Seymour is our only nominee, because "the Republicans admit that he is the strongest candidate in the field." We can't see that such admission makes it a fact, as the Republican party has never proved itself quite infallible especially on the side of truth. Let Mr. S. alone, (especially since he not only says he will not be a candidate, but that he will not accept the nomination even should he be convinced that it was for the good of the party,) is the advice of many of our wisest politicians.

It is said Cabarrus and Gaston counties are for Jarvis, and Lincoln for Fowle, but you hear very little about Jarvis and still less about Fowle here in Mecklanburg. I think Mecklanburg has an inordinate love for horseflesh and likes them of dark color, and since it has been so emphatically asserted by Bro. London of the Chatham *Record*, that Dr. Worth will not allow his name to be used as a candidate for Governor, Cangressman Scales has looked up wonderfully. It is thought that the entire Worth faction will if Mr. London is correct, go over and swell the Scales party, which has been up to present rather small.

The Monroe *Express* nominates J. Harvey Wilson, of Charlotte for Governor. It says that although Mr. Wilson is not a candidate, if nominated he will gladly serve his State in that capacity. There are so many in the field that are candidates, and what's more are working and will work for the nomination, that we are afraid that to a gentleman of this class there is a small chance, although Mr. Wilson has a great many warm influential and politically strong friends all over our State.

The section around Wadesboro is stronger for the Fowle and Holt ticket,

A good deal of amusement has been indulged in that Mr. Turner would so soon reap the reward of his late Martyrdom by being chosen counsel by the darkies of Hillsboro to prosecute the Avery Fries case and also that Daniel R Goodlas, Republican should so zealously defend Mr. Turner and denounce the action of the House.

Some witless soul had printed and circulated a say or two since one of those detestable things, a would-be humorous pamphlet over a fictitious signature, trying to cast ridicule upon some one of our municipal candidtes, add to "smudge" over his character. He was so successful in being personal that we have heard it applied to nearly every candidate in the field and oftener to one who has lately withdrawn from the race than any other. We hope to see the day when such things will be "felony" under the law and the only way of detracting from a gentleman's character will be fairly and squarely, *like a man*, over the writers true signature, not by insumations and bad attempts at excreable wit. of nameless origin.

Maj. W. A. Graham of Lincoln, and Col. Wm. Johnson, of Charlotte, attended court at Monroe last week. The *Express* says, 'both of these gentlemen are prominently named in connection with the Congressional nomination of this District, and in view of this fact our people were glad to see and become acquainted with them."

NEWS OF THE WEEK,

The ceremony of laying the corner stone in the new church edifice of the Charlotte Baptist Church came off on Wednesday. The services were conducted by the Rev. Dr. Whitfield, and quite a concourse of people were out.

Business has slightly declined in the last week, as the farmers are too busy preparing the soil and planting to come to town. It is said that the area planted in cotton in Mecklenburg will be much larger this year than usual.

Dr. C. F Brew, of this city, has invented a patent car coupler, models of which have been placed on exhibition at the Exhibition Rooms of the Chicago *Railway Age*.

A good deal of comment is caused by a Statesville special in this morning's *Observer*, stating that the stock holders of the W. N. C. R. R, have offered to sell their interests to Mr. W. J. Best for $50,000.

There was a fire at Tate's Factory, on the 14th inst. doing some slight damage. Losses in yarn, $2,000; in damage to building $500. No insurance.

The Second Presbyterian Church, of this city has finished paying off their church debt, having raised by subscription about 10 days or so ago, $4 000 The congregation proposes now to succo the entire building, put stone eps and iron railing in front, which will make it one of the handsomest houses of worship in the State.

Dr. J. F. G. Mittag, formerly of this city, lays claim to the distinction of being the discoverer of the telephote, an instrument which transmits objects in a similar manner to that in which the telephone transmits words.

Jno. Morse, l. o. c. was arrested a few days since on the charge of obtaining goods under pretenses of congueing. It seems that he had been "gulling" the darkies of this section for something, but one of his colored sisters during the warm snap parted with her blanket in payment for the exercise of his spells, and the cold snap brought trouble to him, as well as the raisers of fruit, since she had him arrested and exposed him to recover that article of bedding.

Apropos of cold snap we had a very severe one the first of this week, accompanied by a heavy frost, which a good many claim destroyed nearly all the fruit and a great deal of wheat in this section.

Capt. Paul Boyton, the great English swimmer wants to come to Charlotte and exhibit himself and feats in a small pond on the northern outskirts of this city, belonging to Mr. Wm. Phifer. He will come provided $100 can be raised among our citizens to compensate him for his trouble and expense.

The title of the Southern Life Insurance Company to the Metropolitan Hotel of this city was sold in Memphis some days since, for $2,50. Col. Jonnson and Mr. Miller, of our city, attended the sale trusting, if sold cheap enough to buy in the title, they in fact being its owners by virtue of a mortgage or something of that sort. They did not think under the circumstances that the title was worth $2,50 and returned without buying it.

This spring's crop of the Charlotte "small boy" I suppose will equal that of any city in the country. One of those amusing nuisances, "other people's children," confounded us a day or two since by injuring without any previous intimation whatever. "Don't rabbits lay peanuts?" We tried to explain that the festive hen laid eggs, but that "goobers" grew under the ground on the tail end of a vine, but it was "no go" and to avoid the ten thousand unheard of questions that "creeped up" on that explanation we precipitately fled and that small boy to this hour verily believeth that rabbits lay peanuts.

Powder Explosion—Two White Men and twelve or Fifteen Chinamen Killed—Heartrending Sight —Carelessness the Cause.

SAN FRANCISCO, April 17.—The Gian Powder works in the district of Birkley across the bay exploded yesterday afternoon, killing two white men and twelve or fifteen Chinamen. This is the third explosion this company has sustained and all attended with the loss of life. The explosion occurred in the picking room and all the men at work there were killed. There was about 6,000 pounds of powder in the room and all the victims were blown to atoms. A large portion of skull of the Chinaman was found with the que attached. There were six horses inside of the works and they were all blown to pieces, but the workmen in there escaped with the exception of one man in the magazine of whom no trace has been found. Outside of the works are six houses including the boating house of the hands all of which were more or less damaged, but are stil. standing. The explosion is supposed to be the result of carelessness. The workmen are hired by the piece and directed to use wooden mallets in packing cartridges, but they found they could work faster and make more money by using iron hammers which is a dangerous practice. It is supposed that some man struck his cartridge once too often and it went off igniting the powder before him which communicated with adjacent packages, which caused the above terrible result.

For Governor, Attorney General and Auditor.

Correspondence of the News.

HALIFAX, N. C., April 15.—There has been frost and ice this week and fears are entertained that the fruit crop is cut off and wheat and oats injured.

Our county holds a political meeting on 22nd to appoint delegates etc. Judge Fowle's name is of ones heard when names are being mentioned for Gubernatorial honers. It may be that the Judge's most formidable opponents have joined some by a false idea that many people have formed, of their connection with the sale of the Railroad. Let us remember though, that when Col. Walter Clark first started what was known as the "Mudcut Boom," those very men who now claim the honor were loudest in their demonstration of the Boom, or kept silent until they saw how it would end, and now as says a correspondent of that excellent journal the *Farmer and Mechanic*: they crowd to the front and are held up by petty journals as men of great insight and merit. Away with such stuff. They believed the State of a great burden and the people of a grievous taxation and must have the offices and reward, when in fact the movement was found to be irresistable, and they joined in, and presented the offer to sell to Best, (the folly or wisdom of which is yet to be tested—as several modes were offered as their mode of relief. For ten men to claim the offices under such a thin pretext is the height of injustice, and will not succeed. Judge Fowle's eloquence, his ability, his unimproachable record as a lover of constitutional liberty will create an enthusiasm that will win before the people, and if wisdom prevails he will be chosen. Col. Walter Clark for his ability and political foresightness deserves promotion at the hands of the people Being a lawyer of excellent parts let him be nominated on the ticket for Attorney General and he will be elected without a doubt. I cannot forbear mentioning that Capt. Shotwell who is every way competent would make a most excellent Auditor and deserves the place—so says many people and so says we M.

WASHINGTON.

YESTERDAY'S PROCEEDINGS OF THE 46TH CONGRESS.

The Senate Committee on the Electoral Vote Count.—Sioux Indian Appropriations, etc.

SENATE.

WASHINGTON, April 17.—The Democratic members of the Senate Committee on rules, and of the Senate Select Committee on the subject of counting the electoral votes, held a long and private meeting to-day, with a view to agreeing upon some recommendation for action in regard to the electoral count to be taken by the Senate of this session. It was substantially decided to recommend that the two Houses of Congress shall adopt a new joint rule, providing that in case only one certificate of electoral vote of a State be presented to Congress, it shall not be rejected, except by the affirmative vote of the two houses, and that in case of dual returns neither shall be counted, unless the two Houses agree that one of them is the true and valid returns. This proposition was substantially the same that was offered by Senator Morton in the 44th Congress, and then adopted by the Senate in the form of a bill, which, however, failed to receive final action in that body, in consequence of Mr. Thurman's having entered a motion to reconsider its passage. The former 22d joint rule on the subject required every vote to be rejected to which any objection was sustained by either House.

HOUSE.

The morning hour was dispensed with and the House at 12:35 o'clock went into the Committee of the Whole (Whitthorne in the chair,) on the Indian appropriation bill. The pending question being a point of order raised by Mr. Haskell against the amendment offered by Mr. Hooker, of Mississippi, for the transfer of the Indian Bureau from the interior to the War Department.

After a short argument by Mr. Hooker in opposition to the point of order the Chair delivered a decision that the amendment was germane and that it retrenched the expenditures and ther was no doubt but it was clearly obnoxious to the point of order that it was in substance identical with several bills now pending before the House. He therefore sustained the point of order and the amendment was not received. The committee then rose and reported the bill to the House. The House rejected the amendment increasing the appropriation for clothing for the Sioux from $130,000 to $150,000 by a vote of yeas 84, nays 104. The amendment of abolishing the Indian commission was agreed to yeas 112, nays 65. Other amendments were agreed to without divisons and the bill as amended passed. The vote being taken by yeas and nays as required by rules.

Mr. McMahon from the Committee on Appropriations reported back a special deficiency bill with the Senate amendments.

Mr. Conger raised the point of order that the bill must be considered in a Committee of the Whole and it was then referred.

Mr. Springer who had been acting as speaker pro tem here called Mr. Cox, of New York, to the chair, and Mr. Manning, of Mississippi, being recognized offered under instructions from the Committee on Elections a resolution for the investigation into facts relating to the reception by Mr. Springer of an anonymous letter which purported to be an attempt as a member of the Election Committee in the case of Donnally Washburn.

Mr. McLane moved to lay the resolution on the table. He did not think it presented a question of privilege. Motion rejected 44 to 99. A resolution was adopted 106 to 55. The House then at 4:45 o'clock went into a Committee of the Whole, Whitthorne in the chair on special deficiency bill. The committee rose and at 5 o'clock the House adjourned.

West Point Cadetship.

Tarboro Southerner.

From our young friend, W. C. Jeffreys, we learn that the Board designated by Hon. W. H. Kitchen to hold a competitive examination of applicants for the West Point cadetship met on Monday at Enfield. The following young men were examined: Messrs. Taylor, of Wilson, Hill, of Halifax, McRae, of Warren, Royal, of Wayne, Hayes, of Craven, Jeffreys and Powell, of Edgecombe, and Ward of Warren—eight in number. Mr. Jeffreys speaks in a glowing manner of the hospitable entertainment extended the boys by Spier Whitaker, Esq., a member of the Board.

Since writing the above a telegram from Mr. Whitaker informs us that Willie A Plummer McRae, of Warren, was the successful candidate.

This most excellent remedy is becoming more popular with our people every day. It is one of the few medicines that improves on acquaintance—the more one knows of it, the more its virtues are appreciated. Everybody who has given it a fair trial, speak well of it. Our druggists sell large quantities of it. People are not afraid to use a medicine that they know to be efficient for their ailments, and at the same time harmless in its nature. Read what is so aptly said of it, in another column of this paper. Truth is mighty and will prevail. feb27 tf

WESTERN NORTH CAROLINA RAILROAD.

Weare indebted to a friend for the following facts concerning this railroad. Mr. Best and his associates having now bought the entire interest of the private stockholders for the sum of $50,000, are the sole owners of the road. The original capital stock of this company was six millions of dollars. Of this the State had two-thirds, say four millions of dollars, and the private stockholders one-third, or two millions of dollars. On this two millions they had paid in cash or work, or material, one million and three hundred thousand dollars. In 1875, the road was sold under foreclosure of mortgage, and was bought in by the State for eight hundred and fifty thousand dollars, for which a mortgage was executed by the State guaranteeing the payment of interest. After the State became the owner, she gave the private stockholders in the old company about one fourth of the stock they had in the new company, about two hundred and twelve thousand ($212,000) on condition that their stock was to be liable for their proportion of interest, convict labor, etc., in extending the road, which would soon have absorbed their entire stock. This two hundred and twelve thousand dollars of stock has never been divided as it would have made fractional shares of stock. It is this $212,000 that Mr. Best and his associates have just paid fifty thousand dollars for, and in doing so he has done a very liberal thing, as this stock has been regarded as almost worthless. It does seem as if Mr. Best and his friends mean business, as this will make one hundred and ten thousand dollars in cash they will have paid out before they get possession of the road—say $30,000 deposited in the bank here; $30,000 floating debt, and now this $50,000 to the private stockholders.

Poverty and Distress.

That poverty which produces the greatest distress is not of the purse but of the blood. Deprived of its richness, it becomes scant and watery, a condition termed *anemia* in medical writings. Given this condition, and scrofulous swellings and sores, general and nervous debility, loss of flesh and appetite, weak lungs, throat diseases and consumption, are among the common results. Therefore, if you are a sufferer from thin, poor blood, do not hesitate, but employ Golden Medical Discovery which enriches the blood and radically cures those affections by striking at the root of the evil and removing the cause.

For all bronchial, throat, and lung affections, severe lingering cough, weak lungs, consumption in its early stages, asthma and kindred affections, Dr. Pierce's Golden Medical Discovery is the sovereign remedy, and has outrivaled all its competitors. It is harmless in any condition of the system, yet powerful to cure. Druggists sell it.

Mrs. Winslow's Soothing Syrup.

Rev. Sylvanus Cobb thus writes in the *Boston Christian Freeman*—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button."

And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold by all druggists. 25 cents a bottle.

Cuticura

REMEDISE

Have Achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never doubted the specific properties of Cuticura, Cuticura Resolvent and Cuticura Soap, for the speedy, permanent, and economical cure of Humors of the Blood, Skin and Scalp. They are, however, astonished at their universal success; for it was to be expected that in the hands of some they would fail solely from spasmodic or ignorant use of them.

They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures performed by the CUTICURA REMEDIES.

SALT RAHUM,

Covering the Body for Ten Years, Permanently Cured.

LAW OFFICE OF CHAS. HOUGHTON,
17 Congress Street, Boston, Feb 28, 1878.

Messrs. WEEKS & POTTER: Gentlemen,—I feel it a duty to inform you, and through you all who are interested to know the fact, that a most disagreeable and obstinate case Salt Rheum or Eczema, which has been under my personal observation from its first appearance to the present time,—about ten (10) years,—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scab, and to which all the known methods of treating such disease have been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA.

I can and do heartily advise all similarly afflicted to try the remedy which has been so effectual in this case.

Very truly yours,
CHAS. HOUGHTON.

Liver Complaint.

And Dyspepsia Treated by the Resolvent, Grains 5 1-2 pounds on One Bottle.

GENTLEMEN,—I have had Liver Complaint and Dyspepsia, with running sores on the side of my neck, for ten years. Doctors did no good. I have been spending eight years and it did me no good. Everything I ate did me more harm. I got reduced from 180 to 132 pounds. At last I tried the RESOLVENT and it helped me right off, and on one bottle I gained five and one-half pounds. It is doing the business, and I am gaining strong. Yours truly,
JOHN H. ROY.
414 Wabash Ave., Chicago, Ill., Nov. 15, 1878.

NOTE.—Cuticura is admirable assisted in cases of extreme physical weakness, or when the virus of scrofula is known to lurk in the system, by the internal use of the Cuticura Resolvent, without doubt the most powerful blood purifier and liver stimulant in the world.

Cuticura Soap is an elegant toilet and medicinal assistant to Cuticura in the treatment of all external ailments. For chapped hands, rough skin and tan, sunburn, and the lesser skin troubles, it is indispensable; as a soap for the toilet, the nursery and bath it is the most elegant, refreshing, and healing before the public.

These great remedies succeed where all others heretofore in use have failed because they possess new and original properties never before successfully combined in medicine.

The Cuticura Remedies are prepared by Weeks & Potter, Chemists and Druggists Boston, and sold by all Druggists. Price of Cuticura small boxes, 50 cents; large boxes containing two and one-half times the quantity of small $1, Resolvent, $1 per bottle. Cuticura Soap, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cents.

For Sale.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 Saw COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One third Cash; balance on reasonable time.

Valuable City lot For Sale.

On Tuesday the 4th day of May next, at 12 o'clock, I shall sell at public sale, at the court house door in the city of Raleigh, to the highest bidder, FOR CASH, the valuable lot and two story brick store house that was conveyed to Benjamin F. Harris by Benjamin T. Cheatham and James I. Bentham, in a mortgage deed bearing date the 31st day of October A. D. 1873, and recorded in the office of the Register of Deeds of Wake county said store house is situate on the corner of market square, on Wilmington street, fronting market square, and running though from market square to the next street. It is the store in which B. F. Cheatham & Bro., (and afterwards John A. Cheatham) did business. Said house and lot will be sold under a decree of the Superior Court of Wake county, subject to the confirmation of court and no possession to be given until the sale of the property is confirmed, and the purchaser complies with the terms of sale. This is a valuable and buyers of real estate would do well to examine it before the day of sale.

THE unfold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled SCIENCE OF LIFE; or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

An illustrated sample sent to all on receipt of 6 cents for postage.

TELEGRAPHED FROM ALL POINTS OF THE COMPASS.

Hanging of W. T. Bates.

CHARLESTON, S. C., April 17.—William S. Bates, (white) was executed at Barnwell Court House this State yesterday for the murder of Stephen W. Bush at a dance last Christmas Eve. His neck was broken by the fall and he died without a struggle. The execution was private in accordance with the law.

Man Hanged Etc.

GALVESTON, TEXAS, April 17.—A *News* special from Calvert says: Bill Walker (colored) was hanged there yesterday for murder in 1878 of Monroe, an old man living ten miles in the country. The prisoner said he was not going to hell but would fly right straight to heaven. His neck was not broken by the fall although he dropped six feet three inches. Five thousand people witnessed the execution.

Cincinnati Board of Councilmen.

CINCINNATI, April 17.—The Board of Councilmen last evening by a vote of 17 yeas to 13 nays, refused to grant permission to the Western Union Telegraph Company to erect poles to carry wires to the Music Hall. It requires 26 votes to grant such permissions though the vote may be reconsidered but the board does not meet again for two weeks. This action causes some concern because it reopens the subject of the removal of the Democratic National Convention on the ground of lack of telegraph facilities.

Severe Storms, Vessels Wrecked Etc.

MILWAUKEE, April 17.—The severest storm of the season visited this State yesterday. In the northern section several inches of snow fell impeding trains in the vicinity of Oshkosh. No serious disasters yet reported on the Lakes, but it is feared that the gale was severe on vessels. The expected English Caroline Williams reached port last evening and reports having abandoned the schooner Walter B Aller. After rescuing the crew the schooner soon sank between Manitoba and Sheboggan.

Shoots His Business Manager.

RICHMOND, VA. April 17.—This afternoon Col. J. R Popham, proprietor of the Southern Intelligencer, had an altercation with R G. Agee, his business manager, during which Agee assaulted Popham, and the latter shot Agee in the head, inflicting an ugly scalp wound.

GRANT'S CUNNING.

The Stratagem Employed by Ulysses to obtain his West Point Appointment.

There has been much query of late years as to whether General Grant owes his success to his pluck, perseverance and shrewdness, or simply to his good luck, and all sorts of replies have been made. The writer recently had a conversation with a one-time prominent Republican Congressman of this State, and the question as to the Presidential candidate of the Republican party came up, and he told a story about Grant that may be some aid to those who desire an answer to the query above mentioned.

He named the condition that his name should not be given, as he is out of politics, and the writer knows him to be a man of great dislike to publicity. Said the gentleman: "I people think that Grant is indifferent to the nomination they are greatly mistaken. I will tell you a conversation I once had with Grant, but I don't wish it published, as some might think that I am committing a breach of honor in repeating a private conversation. I was about the time that Grant's name was first mentioned as an available candidate for the Presidency. I was on a train going to Washington, being a member of the House at that time. Grant got on the train at Harrisburg and we rode on to Washington together. Well, I wanted to hear some expression from him about his candidacy, and he replied that he had some doubts about his being able to get the nomination. I then, in order to draw him out, reminded him of Zachary Taylor at Corpus Christi—how he had happened to be in command there at the first outbreak of Mexican marauders, that terminated in the Mexican war, and how pure accident and the exigencies of that war had made an humble border colonel President of the United States; and I added that it was more frequently the smallest thing that made men great than the pursuit of a well defined ambition. He sat musing for a time, after telling him this story, and then turning around to me, said:

"I'll tell you, H——, there's something in that, and I can tell you of a smaller circumstance than Taylor's. When I was a boy, living in Georgetown, my mother ran out of butter one morning, and, needing some before it could be had at the store, she sent me over to the next door neighbor's to borrow some. Well, I was just as well acquainted there as I was at home almost, and opened the door and went in without knocking, and just as I went in one of the folks—the old gentleman, I believe—was reading a letter from a son who was at West Point. Well, I didn't want to disturb them while they were reading the letter, and stood there and heard what was read. Well, the son said in his letter that he had been found—that is, he had failed to pass examination, and he would have to come home, and he had sent the letter one mail ahead, so that the surprise at his return might not be too great. Well, when they got through I borrowed the butter and took it home, and then rushed down to Thomas L. Hamar's office—he was our then Congressman then—and I asked him if he wouldn't send me to West Point. He told me that he couldn't send me until this other boy got through, and that he wouldn't be for three years yet. 'But,' Mr. Hamar,' said I, 'suppose this boy should fail to pass examination, and he should be sent home; will you send me then?'

"Well, Uly," said he, "I guess if he can't pass, there'd be no use of you trying it."

"But I want you to promise that you will send me," said I.

"All right," said he; "if he can't get through, I promise to let you try it."

"Well, during the day Hamar heard about the other fellow, and the next day I went and asked if he had heard the news. He said he had, and after laughing at me for the way I had got him to make the promise, he said I was all right, I should go. Well, I went, and because my mother happened to be out of butter has made me General of the Army of the United States and I don't know, after all, but what I may make me President."

'You can draw your own conclusions as to whether Grant is anything of a schemer,' laughingly said the gentleman to the writer, as he brought the conversation to a close.

Burdette on Commercial Travelers

What would I do without "the boys? How often they have been my friends. I go to a new town. I don't know an hotel from another. I don't know where to go. The man with the samples gets off at the same station. I follow him without a word or a tremor. He calls to the 'bus driver by name and orders him to "get out of this now," as soon as we are seated. And when I follow him I am inevitably certain to go to the best house there is the place. He shouts at the clerk by name, and fires a joke at the landlord as we go in. He looks over my shoulder as I register after him, and hands me his card with a shout of recognition. He keeps at the register again and watches the clerk assign me to 98. "Ninety nothing," he shouts, "who's in 15?" The clerk says he is saving 15 for Judge Drysdust. "Well, he be blowed," says my cheery friend, "give him the attic and put this gentlemen in 15." And if the clerk hesitates, he seizes the pen and gives me 15 himself, and then he calls the porter, orders him to carry up my baggage and put a fire in 15, and then in the same breath adds, "What time will you be down to supper, Mr. Burdette?" And he waits for me, and, seeing that I am a stranger in the town, he sees that I am cared for, and that the waiters do not neglect me; he tells me about the town, the people, and the business. He is breezy, cheery, sociable, full of new stories, always good-natured; he frisks with cigars and overflows with "thousand-mile tickets;" he knows all the best rooms in all the hotels; he always has a key for the car-seats, and turns a seat or himself and his friends without robbing the brakeman, but he will ride on the wood-box or stand outside to accommodate a lady, or he will give his seat to an old man. I know him pretty well. For three years I have been traveling with him, from Colorado to Maine, and I have seen the worst and the best of him, and I know the best far outweighs the worst. I could hardly get along without him, and I am glad he is numerous.

The Political Situation in the South.

Washington Star.

The Grant managers are, apparently, earnestly impressed with the conviction that their candidate could not be defeated before the people. While they recognize the existence of a violent Republican opposition to the nomination of Grant, they insist that it is too weak to prevent his election, and the public is being favored at last, with the circulations upon which the certain success of the Grant movement at the polls is based. These calculations will not be likely to inspire the entire republican party with the confidence by the Grant leaders, or to paralyze the democracy with fear, but as they furnish the main spring of a prominent political movement, it is matter of interest to study and examine them. It has been evident for some time past that General Grant's friends rely upon its ability, as a candidate for President, to capture some electoral votes from the Democrats. The assertion that he would receive a large Democratic support—which no other Republican could command—has been made prominent in the canvas of his behalf, but it is only of late that the Grant organs and managers have begun to particularize and to specify what portion of the Democratic column the General could break into. In the first place, Virginia is put down as a former Democratic State that can "certainly" be carried by Grant. The readjusters are declared to be in sympathy with the third-term proposition and willing to support it at the polls, "but they have not sufficient confidence in the fair-mindedness of any other Republican candidate to work against their old party associates for his election," says a leading Grant paper. It may be that the third-term leaders have authentic information as to what the Virginia readjusters are willing to do, but the bosses of that party have repeatedly denied the report that they were endeavoring to lead their followers into the support of Grant. Notwithstanding this denial, however, there is some reason to believe that certain of the readjuster leaders are inclined to support Gen. Grant if they can obtain, in advance, assurances that their support will be rewarded with federal patronage in the event of Grant's election. The third-termers also maintain that Grant would get a number of electoral votes out of the states of Louisiana, Florida, North Carolina and Georgia, and perhaps carry all of them. They argue that the kindly manner in which Gen. Grant has been received and treated in all the southern cities he has visited indicates the existence of a feeling of positive preference for him over any other man for President; that the belief in General Grant's superior ability to restore harmony between the sections and build up closer political and business relations between the north and the south, has taken a wide hold upon the southern mind, and thousands of Democrats who are tired of sectional quarrels will vote for him. It will, no doubt, be found, when the ballots are counted next November, that Gen. Grant's visit to the south made him but few votes in that section. The public spirited citizens in the cities he visited entertained him, it is true, in the style of an honored guest, but the very men who led in dispensing this hospitality were, in nearly all cases, prominent and active Democrats, many of them holding office from that party or identified with its working machinery. The recently published interviews with a large number of leading southern Congressmen demonstrate that Mr. Tilden is very unpopular with the Democrats of that section, and as against him Gen. Grant might carry one, two, or possibly three of the States, because of Democratic apathy and indifference. But is there any reason to believe that Senator Blaine, or Secretary Sherman, or any other prominent Republican likely to be nominated at Chicago could not do as much? Should any of the southern States go Republican, it is generally admitted that the result will be brought about by Democratic indifference, and not because of any newly awakened love for Republican principles.

The following resolution, introduced by J. T. Littlejohn, Esq., was adopted:

Resolved, That all Democrats of Granville in accord with Democratic party who may present at the respective Conventions, State and Congressional, on the 16 hand 17th June in Raleigh shall be deemed and regarded with full authority to act as delegates in and for the county of Granville.

The following resolution, offered by Capt. Wm. Bigg, was, after an extended debate, adopted:

Whereas, It is generaly understood that our present worthy Representative in Congress, the Hon. Joseph J. Davis, will not be a candidate for renomination the Democracy of Granville county desire to express their confidence and respect for that gentleman, and to declare that his course in Congress has met their unquantified approbation.

And while the Democracy of Granville county will heartily support the nominee of the party for Congress yet they recognize the superior claims of Gen. W R. Cox, and in mass meeting assembled now declare their preference for him in the nominating convention; therefore,

Resolved, That the delegates from Granville are hereby requested to cast the vote of the county as a unit for the Hon. W. R. Cox in the Congressional Convention to be held at Raleigh on the 25th of June next.

On motion the proceedings of this meeting were ordered to be published in the county papers. The mass meeting then adjourned.

A Good Idea,

Norfolk Ledger.

The New York *Sun* invites all men calling themselves Democrats, who are contemplating a bolt from the regular Democratic nomination for President this year, to send to it an estimate of the advantages they anticipate to themselves or to anybody else, except the Republicans, from such a movement. The suggestion has significant application to political doubters in the State of Virginia, and we should be pleased to have response to the same,

The Norfolk and E City Railroad, E. City Falcon,

There can be no further question that we are to have a railroad, and that at an early day. The evidences are too direct and the signs too plain to be mistaken. Many of our people who have always heretofore been classed with the list of "boubting Thomas" and when no argument could convince that a road ever would be built, now come out and unhesitatingly express faith in the speedy construction of the road. Let us, then, begin to realize the fact that our beautiful section of country is to be placed within the limits of the great common wealth of the world's progress,

We have good authority for saying that before the close of the present year trains will be running from here to Norfolk, and the work will not cease until not only Edenton, but the trans-Albemarle country as far as Newbern will be opened by the road, so giving the people of this setion and of the whole Albemarle and Pamilo regions an outlet both to the Southern and Northern country and connecting us by rail with all parts of our country, North, South, East and West. This road being constructed, our country will be developed in a manner that we are not yet in a condition to realize. The influx of people into this section must be great, business increase largely and the condition of our people in every respect must of necessity be improved, values of real estate throughout this whole region will be largely advanced, opportunities of employment will be given for the laboring classes that they would not otherwise have.

As an assurance of the good faith of those who have this work in hand they have already paid out $20.000 in cash, they have in their employ a full corps of skilled engineers and managers, and have already a number of laborers at work.

It is now for the people of this section of country to show by their works that they heartily appreciate this great work. Let us show a willingness to do our part—not by words but in deeds; let us show our liberality by doing all we can. The town of Elizabeth City should at least build a depot at this place for the Company individuals of the county should furnish necessary timber or labor of money to purchase the same; and the counties through which the road is to pass should not only relieve the road from county tax for a number of years, say five, but they should also make such arrangements as will relieve the Company from State tax during that period.

Ben Wade—Appointments He would Have Made if He Had Become President.

Philladelphi Press.

I never heard Mr. Wade say positively he would appoint any man to a seat in his Cabinet in case he should be called on to succeed Andrew Johnson; but of course, a man who was so near the Presidency must have thought a great deal on the subject, and his opinion of public men was so well known to his intimate friends, it required but little guessing to tell the name of the men who would, *in a certain event*, be called on to aid him in administering the Government.

Mr. Wade often said; "Staton is the right man in the War Office, and should be kept there." There is no doubt that if Wade had been made President Stanton would have been retained as Secretary of War as long as Wade was President.

Wade remarked to a friend: "Mr. Ward certainly has great financial abilities, and I have no doubt would make an excellent Secretary of the treasury," Without going into details as to my reasons for thinking so, I will say I believe if Mr. Wade had been made President the following men would have been appointed to positions under him;

Secretary of State, O. P. Morton, Indiana.

Secretary of Treasury. E. B. Ward. Michigan.

Secretary of War, E. M. Stanton, Washington, D C.

Secretary of navy, J W Forney, Pennsylvania.

Secretary of Interior, Zack Chandler Michigan.

Postmaster-General, J A J Creswell, Maryland.

Attorney-General, W C Goodloe Kentucky.

Minister to England, Simon Cameron Pennsylvania.

Minister to France, E B Washburne, Illinois.

Minister to Germany, Fred Hsssaurek, Ohio.

Minister to Russia, A G Curtin, Pennsylvania.

Minister to Austria, W G Brownlow, Tennessee.

Minister to Turkey, James Harlan, Iowa.

Minister to Sandwich Island, S G Burbridge, Kentucky.

Collector Port New Orleans, Gov. Warmoth, Louisiana.

Collector New York, Alfred Pleasonton, New York.

Alexander Sands, Ohio; Schuyler Colfax, Indiana; Edward McCook; Colorado; Donald Cameron, Pennsylvania; John Harlan, Kentucky; John M Thayer, Nebraska; and Walter A Burleigh, Dakota, would also undoubtedly been offered good places under Mr. Wade.

While on a visit to Jefferson I once said to the old statesman: "Now it is all over, Mr. Wade, and you will probably never be President, but I should like to know what you would have done had you succeeded Mr. Johnson, as it was expected you would?"

He laughed heartily and replied: "So you are curious to know what devilment I would have been up to. Learn then, my young friend, that unless a man is a fool great power always makes him conservative. There is a vast difference between being a radical Senator and a radical President. It is easy enough to say go and do so and so, but put the adviser in the Executive's place and he might find it difficult, if not impossible, to follow the advice he had just given. I was called a radical Senator but I do not think I would have made a very radical President; indeed, I should probably have followed the precedents of other Presidents and done very much as any other man would have done had he come suddenly to great power like the Chief Magistracy of this Nation.

A correspondent of the Raleigh *Observer* writing from Wake Forest says:

The approaching commencement promises to be far superior to any former celebration of a similar nature, and all necessary arrangements are being consummated for its proper observance.

Wingate memorial building is an elegant edifice, and our energetic architect, Mr. Jacob S. Allen, of your city, promises to have it completed by the 10th of June next. In the gable front of this building is situated a large marble slab with an appropriate inscription consecrated to the memory of our former beloved and esteemed President, Rev. W. M. Wingate, D. D.

The senior class have recently chosen Rev. Wayland Hoyt, D. D., one of the most prominent divines of Brooklyn, New York; who will deliver the sermon before the graduating class David R. Wallace, A. M. M. D., LL D., of Waco, Texas, has been elected by the Philomathesian Society to deliver the address before the literary societies Dr. Wallace is the Superintendent of the Insane Asylum of Texas, and has attained great celebrity as an orator. He is a native of Pitt county, North Carolina, graduated at Wake Forest College in the class of 1850 with the highest honors of his class, and since he has been in Texas has been greatly honored and respected by the citizens of that State. Hence we may with good reason anticipate an extraordinary literary treat at the hands of this distinguished son of the Old North State.

OUR CHARLOTTE LETTER.

MECKLENBURG POLITICAL PICKINGS AND OTHER NEWSINGS.

The North Carolina Smeltin Company—North Carolina's Inventor—News of Charlotte and Vicinity etc., etc.

From our Charlotte Correspondent.

CHARLOTTE, N. C. April 16th 1880.—If you will take a stroll out the Richmond & Danville, or more properly speaking the N. C. R. R., and just after you pass the junction of that road with the Carolina Central, look to your left you will see several large one or two story wooden buildings, with tall massive brick chimneys, and if you should ask any chance passer by what they were you would elicit the reply "Reduction Works." Now this answer would be "exactly perfectly correct," they are the Reduction Works of North Carolina Smelting Company, which company has for its officers. Geo. Whitaker, New York, President; C. E Robinson, formerly of New York, now of Charlotte, Vice President, and G. M. Church, of 196 Broadway, Treasurer. Mr. Robinson, the courteous Vice-President, has control and management of the establishment and when your correspondent stepped in was (everything about his works being "blooming" and not having suffered from the late frost,) in that ripe mood that it so much delights an interviewer's heart to find, when he has a "tapping" in prospective.

Unfortunately the works were not, as we had expected to find them, in operation, but we obtained some dots which may be of interest to many of the NEWS readers. The works and buildings cost about $40,000, over $30,000 of which was for the machinery alone. The engine is a 75 horse power and capable of crushing 20 tons of ore per day, averaging from $75 to $100 of gold per ton. Mr Robeson states that this $40,000 invested in buildings and machinery is a mere fraction of the amount of capital invested in the enterprise, that to be able to keep the works going at all times they will be compelled to have always on hand and encourage over one half million dollars worth of ores. He says that Charlotte is one of the finest ore markets in the world, and that he knows of no location so desireble for smelting works, that though the impression is abroad that they will confine themselves to ores of this section, it is nevertheless not so, that they will buy ores from Maine to Alabama, but will of course, he thinks consume much more of North Carolinas ores than of others, that they will continue to enlarge their establishment until they possess a capacity of crushing 100 tons of ores per day. He says every facility of transportation has been secured, as the Carolina Central erects an embarkment and lays a track to the yard of their works, and that the company bunds a suitable track at its own expense to connect with the North Carolina Railroad that the works are ready for operation and will begin in a few days, and infact, as soon a supply of ore is received and on the way sufficient to start and keep them running, and that then he will be glad to conduct your correspondent through the different rooms and explain the process ty illustration, so that the readers of the NEWS may learn something of the way in which rocks are reduced to the one thing needful and the root of all evil. He informs us that the company is entirely composed of Northern men, citizens of New York city and Providence, Rhode Island, that everything looked bright and prosperous in its future and that they had received every encouragement and aid from our people that strangers investing amongst us could desire. Mr. Robinson will make Charlotte his home in future and is identified with the interest of our city.

It is a strange thing that some Democrats will insist that Mr. Seymour is our only nominee, because "the Republicans admit that he is the strongest candidate in the field." We can't see that such admission makes it a fact, as the Republican party has never proved itself quite infallible especially on the side of truth. Let Mr. S. alone, (especially since he not only says he will not be a candidate, but that he will not accept the nomination even should he be convinced that it was for the good of the party,) is the advice of many of our wisest politicians.

It is said Cabarrus and Gaston counties are for Jarvis, and Lincoln for Fowle, but you hear very little about Jarvis and still less about Fowle here in Mecklanburg. I think Mecklanburg has an inordinate love for horseflesh and likes them of dark color, and since it has been so emphatically asserted by Bro. London of the Chatham *Record*, that Dr. Worth will not allow his name to be used as a candidate for Governor, Cangressman Scales has looked up wonderfully. It is thought that the entire Worth faction will if Mr. London is correct, go over and swell the Scales party, which has been up to present rather small.

The Monroe *Express* nominates J. Harvey Wilson, of Charlotte for Governor. It says that although Mr. Wilson is not a candidate, if nominated he will gladly serve his State in that capacity. There are so many in the field that are candidates, and what's more are working and will work for the nomination, that we are afraid that to a gentleman of this class there is a small chance, although Mr. Wilson has a great many warm influential and politically strong friends all over our State.

The section around Wadesboro is stronger for the Fowle and Holt ticket.

A good deal of amusement has been indulged in that Mr. Turner would so soon reap the reward of his late Martyrdom by being chosen counsel by the darkies of Hillsboro to prosecute the A. Foy Fries case and also that Daniel R Goodlas. Republicans should so zealously defend Mr. Turner and denounce the action of the House.

Some witless soul had printed and circulated a say or two since one of those detestable things, a would-be humorous pamphlet over a fictitious signature, trying to cast ridicule upon some one of our municipal candidtes, add to "smudge" over his character. He was so successful in being personal that we have heard it applied to nearly every candidate in the field and oftener to one who has lately withdrawn from the race than any other. We hope to see the day when such things will be "felony" under the law and the only way of detracing from a gentleman's character will be fairly and squarely, *like a man*, over the writers true signature, not by insumations and bad attempts at excreable wit. of nameless origin.

Maj. W. A. Graham of Lincoln, and Col. Wm. Johnson, of Charlotte, attended court at Monroe last week. The *Express* says, 'both of these gentlemen are prominently named in connection with the Congressional nomination of this District, and in view of this fact our people were glad to see and become aequainted with them."

NEWS OF THE WEEK.

The ceremony of laying the corner stone in the new church edifice of the Charlotte Baptist Church came off on Wednesday. The services were conducted by the Rev. Dr. Whitfield, and quite a concourse of people were out.

Business has slightly declined in the last week, as the farmers are too busy preparing the soil and planting to come to town. It is said that the area planted in cotton in Mecklenburg will be much larger this year than usual.

Dr. C. F Brew, of this city, has invented a patent car coupler, models of which have been placed on exhibition at the Exhibition Rooms of the Chicago *Railway Age*.

A good deal of comment is caused by a Statesville special in this morning's *Observer*, stating that the stock holders of the W. N. C. R. R, have offered to sell their interests to Mr. W. J. Best for $50,000.

There was a fire at Tate's Factory, on the 14th inst. doing some slight damage. Losses in yarn, $2,000; in damage to building $500. No insurance.

The Second Presbyterian Church, of this city has finished paying off their church debt, having raised by subscription about 10 days or so ago, $4,000. The congregation proposes now to erect the entire building, put stone steps and iron railing in front, which will make it one of the handsomest houses of worship in the State.

Dr. J. F. G. Mittag, formerly of this city, lays claim to the distinction of being the discoverer of the telephote, an instrument which transmits objects in a similar manner to that in which the telephone transmits words.

Jno. Morse, Lo. c. was arrested a few days since on the charge of obtaining goods under pretenses of conguering. It seems that he had been "gulling" the darkies of this section for something, but one of his colored sisters during the warm snap parted with her blanket in payment for the exercise of his spells, and the cold snap brought trouble to him, as well as the raisers of fruit, since she had him arrested and exposed him to recover that article of bedding.

Apropos of cold snap we had a very severe one the first of this week, accompanied by a heavy frost, which a good many claim destroyed nearly all the fruit and a great deal of wheat in this section.

Capt. Paul Boyton, the great English swimmer wants to come to Charlotte and exhibit himself and feats in a small pond on the northern outskirts of this city, belonging to Mr. Wm. Phifer. He will come provided $100 can be raised among our citizens to compensate him for his trouble and expense.

The title of the Southern Life Insurance Company to the Metropolitan Hotel of this city was sold in Memphis some days since, for $2,50. Col. Johnson and Mr. Miller, of our city, attended the sale trusting, if sold cheap enough to buy in the title, they in fact being its owners by virtue of a mortgage or something of that sort. They did not think under the circumstances that the title was worth $2,50 and returned without buying it.

This spring's crop of the Charlotte "small boy" I suppose will equal that of any city in the country. One of those amusing nuisances, "other people's children," confounded us a day or two since by injuring without any previous intimation whatever. "Don't rabbits lay peanuts?" We tried to explain that the festive hen laid eggs, but that "goobers" grew under the ground on the tail end of a vine, but it was "no go" and to avoid the ten thousand unheard of questions that "creeped up" on that explanation we precipitately fled and that small boy to this hour verily believeth that rabbits lay peanuts.

Powder Explosion---Two White Men and twelve or Fifteen Chinamen Killed---Heartrending Sight ---Carelessness the Cause.

SAN FRANCISCO, April 17.—The Glan Powder works in the district of Birkley across the bay exploded yesterday afternoon, killing two white men and twelve or fifteen Chinamen. This is the third explosion this company has sustained and all attended with the loss of life. The explosion occurred in the picking room and all the men at work there were killed. There was about 6,000 pounds of powder in the room and all the victims were blown to atoms. A large portion of skull of the Chinaman was found with the que attached. There were six horses inside of the works and they were all blown to pieces, but the workmen in there escaped with the exception of one man in the magazine of whom no trace has been found. Outside of the works are six houses including the boating house of the hands all of which were more or less damaged, but are stil. standing. The explosion is supposed to be the result of carelessness. The workmen are hired by the piece and directed to use wooden mallets in packing cartridges, but they found they could work faster and make more money by using iron hammers which is a dangerous practice. It is supposed that some man struck his cartridge once too often and it went off igniting the powder before him which communicated with adjacent packages, which caused the above terrible result.

For Governor, Attorney General and Auditor.

Correspondence of the *News*.

HALIFAX, N. C., April 15.—There has been frost and ice this week and fears are entertained that the fruit crop is cut off and wheat and oats injured.

Our county holds a political meeting on 22nd to appoint delegates etc. Judge Fowle's name is of onest heard when names are being mentioned for Gubernatorial honers. It may be that the Judge's most formidable opponents have joined some by a false idea that many people have formed, of their connection with the sale of the Railroad. Let us remember though, that when Col. Walter Clark first started what was known as the "Mudcat Boom," those very men who now claim the honor were loudest in their demonstration of the Boom, or kept silent until they saw how it would end, and now as says a correspondent of that excellent journal the *Farmer and Mechanic*: they crowd to the front and are held up by petty journals as men of great insight and merit. Away with such stuff. They relieved the State of a great burden and the people of a grievous taxation and must have the offices and reward, when in fact the movement was found to be irresistable, and they joined in, and presented the offer to sell to Best, (the folly or wisdom of which is yet to be tested—as several modes were offered as their mode of relief. For ten men to claim the offices under such a thin pretext is the height of injustice and will not succeed. Judge Fowle's eloquence, his ability, his unimpeachable record as a lover of constitutional liberty will create an enthusiasm that will win before the people, and if wisdom prevails he will be chosen. Col. Walter Clark for his ability and political foresightedness deserves promotion at the hands of the people. Being a lawyer of excellent parts let him be nominated on the ticket for Attorney General and he will be elected without a doubt. I cannot forbear mentioning that Capt. Shotwell who is every way competent would make a most excellent Auditor and deserves the place—so says many people and so says we M.

WASHINGTON.

YESTERDAY'S PROCEEDINGS OF THE 46TH CONGRESS.

The Senate Committee on the Electoral Vote Count---Sioux Indian Appropriations, etc.

SENATE.

WASHINGTON, April 17.—The Democratic members of the Senate Committee on rules, and of the Senate Select Committee on the subject of counting the electoral votes, held a long and private meeting to-day, with a view to agreeing upon some recommendation for action in regard to the electoral count to be taken by the Senate of this session. It was substantially decided to recommend that the two Houses of Congress shall adopt a new joint rule, providing that in case only one certificate of electoral vote of a State be presented to Congress, it shall not be rejected, except by the affirmative vote of the two houses, and that in case of dual returns neither shall be counted, unless the two Houses agree that one of them is the true and valid returns. This proposition was substantially the same that was offered by Senator Morton in the 44th Congress, and then adopted by the Senate in the form of a bill, which, however, failed to receive final action in that body, in consequence of Mr. Thurman's having entered a motion to reconsider its passage. The former 22d joint rule on the subject required every vote to be rejected to which any objection was sustained by either House.

HOUSE.

The morning hour was dispensed with and the House at 12:35 o'clock went into the Committee of the Whole (Whitthorne in the chair,) on the Indian appropriation bill. The pending question being a point of order raised by Mr. Haskell against the amendment offered by Mr. Hooker, of Mississippi, for the transfer of the Indian Bureau from the interior to the War Department.

After a short argument by Mr. Hooker in opposition to the point of order the Chair delivered a decision that the amendment was germane and that it retrenched the expenditures and ther was no doubt but it was clearly obnoxious to the point of order that it was in substance identical with several bills now pending before the House. He therefore sustained the point of order and the amendment was not received. The committee then rose and reported the bill to the House. The House rejected the amendment increasing the appropriation for clothing for the Sioux from $150,000 to $150,000 by a vote of yeas 81, nays 104. The amendment of abolishing the Indian commission was agreed to yeas 112, nays 65. Other amendments were agreed to without divisons and the bill as amended passed. The vote being taken by yeas and nays as required by rules.

Mr. McMahon from the Committee on Appropriations reported back a special deficiency bill with the Senate amendments.

Mr. Conger raised the point of order that the bill must be considered in a Committee of the Whole and it was then referred.

Mr. Springer who had been acting as speaker pro tem here called Mr. Cox, of New York, to the chair, and Mr. Manning, of Mississippi, being recognized offered under instructions from the Committee on Elections a resolution for the investigation into facts relating to the reception by Mr. Springer of an anonymous letter which purported to be an attempt as a member of the Election Committee in the case of Donnally Washburn.

Mr. McLane moved to lay the resolution on the table. He did not think it presented a question of privilege. Motion rejected 44 to 99. A resolution was adopted 106 to 55. The House then at 4:45 o'clock went into a Committee of the Whole. Whitthorne in the chair on special deficiency bill. The committee rose and at 5 o'clock the House adjourned.

West Point Cadetship.

Tarboro Southerner.

From our young friend, W. C. Jeffreys, we learn that the Board designated by Hon. W. H. Kitchen to hold a competitive examination of applicants for the West Point cadetship met on Monday at Enfield. The following young men were examined: Messrs. Taylor, of Wilson, Hill, of Halifax, McRae, of Warren, Royal, of Wayne, Hughes, of Craven, Jeffreys and Powell, of Edgecombe, and Ward of Warren—eight in number. Mr. Jeffreys speaks in a glowing manner of the hospitable entertainment extended the boys by Spier Whitaker, Esq., a member of the Board.

Since writing the above a telegram from Mr. Whitaker informs us that Willis a Plummer McRae, of Warren, was the successful candidate.

This most excellent remedy is becoming more popular with our people every day. It is one of the few medicines that improves on acquaintance—the more one knows of it, the more its virtues are appreciated. Everybody who has given it a fair trial, speak well of it. Our druggists sell large quantities of it. People are not afraid to use a medicine that they know to be efficient for their ailments, and at the same time harmless in its nature. Read what is so aptly said of it, in another column of this paper. Truth is mighty and will prevail. feb27 tf

THE Philadelphia *Times* says:

"It is reported in Washington that Senator Hill and others of the Senate Committee on Privileges and Elections have threatened to resign from service on said committee if the caucus of the Democratic Senators fail to stand by the report made in the Kellogg-Spofford case.

A well organized fire department is what every town in the State needs. Just so long as this important matter is neglected will the fire fiend sweep all before him. Town commissioners, organize fire departments, and assure the safety of your homes and property.

DON'T allow yourself to get angry,
But cool under the collar keep,
We're only "business competitors,"
And harm will from quarreling reap.

Then give us "harmony at the centre,"
And controversies leave alone,
No good can be accomplished,
But LET US HAVE PEACE be done.

WESTERN NORTH CAROLINA RAILROAD.

Weare indebted to a friend for the following facts concerning this railroad. Mr. Best and his associates having now bought the entire interest of the private stockholders for the sum of $5?,000, are the sole owners of the road. The original capital stock of this company was six millions of dollars. Of this the State had two-thirds, say four millions of dollars, and the private stockholders one-third, or two millions of dollars. On this two millions they had paid in cash or work, or material, one million and three hundred thousand dollars. In 1875, the road was sold under foreclosure of mortgage, and was bought in by the State for eight hundred and fifty thousand dollars, for which a mortgage was executed by the State guaranteeing the payment of interest. After the State became the owner, she gave the private stockholders in the old company about one fourth of the stock they had in the new company, about two hundred and twelve thousand ($212,000) on condition that their stock was to be liable for their proportion of interest, convict labor, etc., in extending the road, which would soon have absorbed their entire stock. This two hundred and twelve thousand dollars of stock has never been divided as it would have made fractional shares of stock. It is this $212,000 that Mr. Best and his associates have just paid fifty thousand dollars for, and in doing so he has done a very liberal thing, as this stock has been regarded as almost worthless. It does seem as if Mr. Best and his friends mean business, as this will make one hundred and ten thousand dollars in cash they will have paid out before they get possession of the road—say $30,000 deposited in the bank here; $30,000 floating debt, and now this $50,000 to the private stockholders.

Mosley's is the most attractive place to visit in Raleigh. In connection with the confection department, you will find a nice retreat for ladies and gentlemen. A saloon for their special benefit with all the delicacies of the season. A dining saloon. What Raleigh needs and what the good people ought to sustain. You can get oysters served in any style. Birds, Beefsteak, Ham and Eggs, Sausage, Coffee, Ice Cream Cakes, Pies and Milk. All are invited to pay his institution a visit.

Neuralgia.

Do you suffer with neuralgia or headache? If so take Neuralgine and be relieved. Every bottle guarranteed to give satisfaction if taken according to directions. Hutchinson & Bros., Proprietors, 14 Whitehall street, Atlanta, Georgia. Sold by Pescud, Lee & Co., and William Simpson, Raleigh.

Venture Nothing—Have Nothing.

When The Louisiana State Lottery Company was incorporated by the Legislature, it gave that corporation legal rights, which, after a most searching investigation, the Postmaster-General has officially decided to respect and protect in the use of the mails and the sale delivery of all letters addressed to M. A. Dauphin, New Orleans, La., or same person at No. 319 Broadway, New York City. The next monthly distribution (the 120th) occurs on Tuesday May 11th, 1880, when $2 may win $30,000.

YEARGAN, PETTY & CO. are receiving their stock of Spring and Summer Goods, which will be unusually large. They will SELL to merchants at New York jobbers' prices, and to their friends and customers at retail as LOW AS ANY HOUSE.

1st Floor retail, 2d and 3d Floors wholesale.

This is not a KING CURE-ALL. But is only good for Neuralgia and Headache. For these troubles it is the only specific known. Sold by all the leading druggists.

Poverty and Distress.

That poverty which produces the greatest distress is not of the purse but of the blood. Deprived of its richness, it becomes scant and watery, a condition termed *anemia* in medical writings. Given this condition, and scrofulous swellings and sores, general and nervous debility, loss of flesh and appetite, weak lungs, throat diseases and consumption, are among the common results. Therefore, if you are a sufferer from thin, poor blood, do not hesitate, but employ Golden Medical Discovery which enriches the blood and radically cures those affections by striking at the root of the evil and removing the cause.

For all bronchial, throat, and lung affections, severe lingering cough, weak lungs, consumption in its early stages, asthma and kindred affections, Dr. Pierce's Golden Medical Discovery is the soverign remedy, and has outrivaled all its competitors. It is harmless in any condition of the system, yet powerful to cure. Druggists sell it.

Mrs. Winslow's Soothing Syrup.

Rev. Sylvanus Cobb thus writes in the *Boston Christian Freeman*—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button."

And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold by all druggists. 25 cents a bottle.

Nothing Left Out!

His stock is always complete, has just received a lot of Porcelain Sauce Pans, Maslin Kettles, and in fact you will always find a full stock of House Furnishing Goods on hand. Garden Tools, full line of Barbware, Builders' Material, Iron, Steel and Nails. J. C. Brewster, Holleman Building, Raleigh, N. C.

What a Pity:—Some people spend their money in Sewing Machines that are comparatively worthless, when they can buy the "light running" New Home Machine for sale by J. L. Stone State Agt.

Spring time is coming. Winter clothing will soon be laid aside and their place be supplied with lawns, linens, percales, seersuckers, muslins, linen-cambrics, etc. etc. W. H. & R. S. Tucker have bought large lines of these goods at the very lowest prices and will dispose of them at a small margin of profit.

Look to your interest, and buy the Light Running "New Home" machine, unsurpassed for its light running, durability, &c. J. L. Stone, State agent Raleigh, N. C.

What a Pity

that the otherwise beautiful girl should have had such bad teeth. And all because she did not use SOZODONT. It costs so little to buy it considering the good it does, and its benefits stretch out into her future life. Poor girl!

TUTT'S PILLS

SYMPTOMS OF A TORPID LIVER.

Loss of Appetite, Bowels costive, Pain in the Head, with a dull sensation in the back part, Pain under the shoulder-blade, Fullness after eating, with a disinclination to exertion of body or mind, Irritability of temper, Low spirits, with a feeling of having neglected some duty, Weariness, Dizziness, Fluttering at the Heart, Dots before the eyes, Yellow Skin, Headache over the right eye, Restlessness with fitful dreams, highly colored Urine.

IF THESE WARNINGS ARE UNHEEDED, SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS are especially adapted to such cases, one dose effects such a change of feeling as to astonish the sufferer.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. If the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose, as the natural movement is obtained, which will soon follow.

Dr. I. Guy Lewis, Fulton, Ark., says:

"After a portion of a bottle of your TUTT'S PILLS I feel that they are the best medicine I ever took."

Rev. T. R. Osgood, New York, says:

"I have had Dyspepsia, Weak Stomach and Nervousness. I never had any medicine to do me so much good as TUTT'S PILLS. They are as good as represented."

Office, 35 Murray Street, New York.

TUTT'S HAIR DYE.

GRAY HAIR OR WHISKERS changed to a GLOSSY BLACK by a single application of this DYE. It imparts a Natural Color, acts instantaneously, and is as Harmless as spring water. Sold by Druggists, or sent by express on receipt of $1.

Office 35 Murray St., New York.

For Sale.

On very reasonable terms, a house with seven rooms, with lot 70x210 feet, on the east side of Blount street nearly opposite to the second Presbyterian church. Also, a Ten Horse power Steam Engine Cotton Gin with 60 Saws, Shafting, Pulleys, and Belt, all complete. Will sell the Engine or any part of the machinery separate if necessary. Engine about as good as new and in capital order, and will sell a good bargain in any of the aforesaid machinery.

Seminal Pastille

An entirely New and positively effective Remedy for the speedy and permanent cure of Seminal Emissions and Impotency by the only true way, viz., Direct Application to the principal Seat of the Disease. To all of the remedy is adapted with no loss of time or inconvenience, and does not interfere with the ordinary pursuits of life. The mode of treatment by which the Pastille is used, and is now a pronounced success. There is no nonsense about this preparation. Practical observation enables us to positively guarantee that it will give perfect satisfaction. It is not recommended by the Medical profession to be the most rational means ever discovered of reaching and curing this very prevalent trouble. Its Remedy Power is not a mere boast, or idle word. No. 1 Pastilles are guaranteed to cure; No. 2 Pastilles offer a permanent cure, unless a severe case; No. 3 Pastilles are for the most severe cases, and will surely accomplish and restore vigor in the worst cases. If these do not, we will refund the money. Full directions in every package. Price, $1 per box. Sent by mail on receipt of price. Send for a Descriptive Pamphlet giving Anatomical Illustrations, which will be sent free. Pastilles sent to any part of the world by mail or express, securely packed, and free from observation. Sold by druggists generally, and by us for the cause of life, secret and of secret effects. Does not cause nausea. Sold by druggists generally.

Cuticura

REMEDISE

Have Achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never doubted the specific properties of Cuticura, Cuticura Resolvent and Cuticura Soap, for the speedy, permanent, and economical cure of Humors of the Blood, Skin and Scalp. They are, however, astonished at their universal success; for it was to be expected that in the hands of some they would fail solely from spasmodic or ignorant use of them.

They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures performed by the CUTICURA REMEDIES.

SALT RHEUM,

Covering the Body for Ten Years. Permanently Cured.

LAW OFFICE OF CHAS. HOUGHTON,
17 Congress Street, Boston, Feb 28, 1878.

Messrs. WEEKS & POTTER: Gentlemen,—I feel it a duty to inform you, and through you all who are interested to know the fact, that a most disagreeable and obstinate case Salt Rheum or Eczema, which has been under my personal observation from its first appearance to the present time,—about ten (10) years,—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scab, and to which all the known methods of treating such disease had been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA.

I can and do heartily advise all similarly afflicted to try the remedy which has been so effectual in this case.

Very truly yours,
CHAS. HOUGHTON.

Liver Complaint.

And Dyspepsia Treated by the Resolvent, Gains 5 1-2 pounds on One Bottle.

GENTLEMEN,—I have had Liver Complaint and Dyspepsia, with running sores on the side of my neck, for seven years. Doctors did no good. I have been spitting up eight years and it did me no good. Everything I ate did distress me. I got reduced from 160 to 132 pounds. At last I tried the RESOLVENT and it helped me right off, and on one bottle I gained five and one-half pounds. It is doing the business, and I am going to stick to it strong. Yours truly,

JOHN H. ROY
414 Wabash Ave., Chicago, Ill., Nov. 15, 1878.

NOTE.—Cuticura is admirable assisted in cases of extreme physical weakness, or when the virus of Scrofula is known to lurk in the system by the internal use of the Cuticura Resolvent, without doubt the most powerful blood purifier and liver stimulant in the world.

Cuticura Soap is an elegant toilet and medicinal assistant to Cuticura in the treatment of all external ailments. For chapped hands, rough skin and tan, sunburn, and all the lesser skin troubles, it is indispensable; as a soap for the toilet, the nursery and bath it is the most elegant, refreshing, and healing before the public.

These great remedies succeed where all others heretofore in use fail because they possess new and original properties, ever before, or possibly combined in medicine.

The Cuticura Remedies are prepared by Weeks & Potter, Chemists and Druggists, Boston, and sold by all Druggists. Price of Cuticura small boxes, 50 cents; large oval, containing two and one-half times the quantity of small, $1. Cuticura Resolvent per bottle, $1. Cuticura Soap, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cents.

COLLINS' VOLTAIC ELECTRIC PLASTERS

Pain and Weakness cannot exist if the Plaster be applied. They vitalize, strengthen and support Weak and Painful Parts; cure Chronic Ailments and Diseases of the Liver and Kidneys; absorb Poisons from the Blood, and thus prevent Fever and Ague, Malarial and Contagious Diseases; stimulate the Stomach and Digestive Organs when placed over the pit of the stomach, and prevent Dyspepsia, Bilious Colic, Cramps, and Pains. THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

An illustrated sample sent to all on receipt of 6 cents for postage.

For Sale.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 30x80 feet, 4 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and is a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Tabbott & Sons, Richmond.

Attached to the engine is also a 60 Saw COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One third Cash; balance on reasonable time.

Valuable City lot For Sale.

On Tuesday the 4th day of May next, at 12 o'clock, I shall sell at public sale, at the Courthouse door in the city of Raleigh, the right of Sally Hughes bidder, FOR CASH, the valuable lot and two story brick store house that was conveyed to Benjamin F. Harris by Benjamin T. Heatham and James T. Heatham, in a mortgage deed bearing date the 31st day of October A. D., 1873, and on record in the office of the Register of Deeds of Wake county to which reference is made in the corner of Market square, on Wilmington street, fronting Market square and running though from Market square to the next street. It is the store house in which B. F. Heatham & Bro., (and afterwards John A. Heatham) did business. Said house and lot will be sold subject to a decree of the Superior Court of Wake county, subject to the confirmation of the court and no possession to be given until the sale of the property is confirmed, and the purchaser complies with the terms of sale. This city is valuable and buyers of real estate would do well to examine it before the day of sale.

RICHARD W. HARRIS,
ap 2-dtm1 Commissioner.

SALE OF LAND.

On SATURDAY MAY 1, 1880, at the courthouse door in Raleigh by virtue of a mortgage executed to me by Mrs. Rebecca Penny, I will sell at Public Auction for cash the tract of land near ROLESVILLE in Wake County, adjoining the lands of Sidney Stell, W. S. Birchell, Heatt Barham and others, containing 110 acres.

My Notion Department

Is full and complete, and well filled with just the goods you want, call and see me before you buy, and I will save you money.

And here allow me to say a few words to my friends and customers, I claim that there is no house that can afford to sell or will sell the same class of goods cheaper than I can, for the following reasons, first, that I have been buying goods from the best houses in this country for the last thirty years, and second, because I have no four or five partners to divide profits with, and am perfectly willing to divide profits with my customers, and respectfully ask them to come to Creech's.

A SPLENDID OPPORTUNITY to win a fortune, Fifth Grand Distribution, Class E, at New Orleans, Tuesday, May 11 1880—130th Monthly Drawing.

Louisina State Lottery Co

This Institution was regularly incorporated by the Legislature of the State for Educational and Charitable purposes, in 1868, **for the term of twenty-five Years,** to which contract the inviolable faith of the State is pledged, which pledge has been renewed by an overwhelming popular vote, securing its franchise in the new constitution adopted December 2d, A. D., 1879, with a capital of $1,000,000, to which it has since added a reserve fund of $550,000.

Its Grand Single Number Distribution will take place monthly on the second Tuesday.

It never scales or postpones

It gives us pleasure to state we have just completed arrangements for handling the Machinery of the established and well known Southern manufacturers, JOHN W. CARDWELL & Co., Richmond Va.

Our specialty from this house will be their

"LITTLE GIANT" HYDRAULIC COTTON PRESS

ITS GREAT POWER.—With it one man can press a bale of cotton of from 400 to 800 pounds in from 6 to 8 minutes' time, and do it with ease.

ITS QUICKNESS.—A man can press a bale in from 6 to 8 minutes' time, and in 1 minute after, the bale is out, the press is ready for the next.

ITS DURABILITY.—There is neither grinding or rubbing in friction its operation, as in the screw press; it is not liable to wear out for want of oil or attention.

ITS SIMPLICITY and the ease which it is operated by ordinary plantation hands; the ease and speed with which it is put in position for receiving cotton for the next bale, after one has been turned out—the operation consisting in simply turning a cock, which allows the water to flow back to the tub or tank at the bottom or follower block to sink down to its position for receiving the cotton for packing the next bale. A half barrel of water will pack many bales.

ECONOMY OF SPACE. It takes but a small amount of space for its working—8 x 10 feet being abundant room for it to work in.

ITS TOTAL INDEPENDENCE OF ALL SURROUNDING OBJECTS—requiring neither bracing nor expensive foundations, working immediately under the floor of the gin or in the open field.

IT IS THE ONLY PRESS within our knowledge with which one man or boy can press a bale of ordinary size from 400 to 800 pounds, and it is equally adapted to steam, water, horse-power, but for ordinary plantation use we have not found any one who considered it desirable to use power, as the packing is so easily and quickly done by hand, and also great saving of trouble and expense.

THE CONVENIENCE with which cotton can be put into the box as there is no obstruction above or about the top of the box to interfere with the operation.

THE POWER being applied in a direct line with the resistance of the cotton packed there is but little friction, and, as a natural consequence, but little wear. We are fully satisfied that our Little Giant Press will outwear any two presses of any other kind in the market. These and many other reasons can be given why the "Little Giant" is not only the best but cheapest press on the market, and we would be glad to have you give it a trial.

The press can be seen at our Manufactory Warehouse, Thomasville
